APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is granted with the understanding that no other water rights from the source will be adversely affected by the proposed use. The amount of water allowed in this permit to change point of diversion and place of use is that quantity for which a vested right may later be determined for the forty acres of land from which the water is to be changed.

A standard headgate and weir must be installed at or near the new point of diversion.

The State reserves the right at all times to regulate the use of water as allowed herein.

Actual construction work shall begin on or before June 27, 1918.

Proof of commencement of work shall be filed before July 27, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before June 27, 1919.

Proof of completion of work shall be filed before July 27, 1919.

Application of water to beneficial use shall be made on or before June 27, 1920.

Proof of the application of water to beneficial use must be filed with State Engineer on or before July 27, 1920.

WITNESS MY HAND AND SEAL this 27th day
